

BE CONFIDENT YOU'RE NOT WASTING MONEY ON HVAC REPLACEMENTS

EXTEND THE LIFE OF YOUR HVAC UNITS.
DON'T REPLACE THEM.

The majority of higher education institutions are spending too much money on replacements due to inefficient air handling systems.

CHEMICAL-FREE, SUSTAINABLE CLEANING PROCESS

Our solution improves performance, efficiency, and energy spent with HVAC infrastructure through a specialized, chemical-free air distribution cleaning process.

UP TO
\$1,000,000+ Million
Average Savings*

Depending on Campus Size & AHUs on PM Program.
Compared to Equipment Replacement Cost.

STOP SPENDING MONEY ON THE WRONG THINGS

We understand how frustrating it is to waste money on HVAC replacements when HVAC coil cleaning is what's needed.

UP TO
25% Total
Energy Savings*

All Air Handlers Cleaned

2 SIMPLE STEPS TO GET STARTED

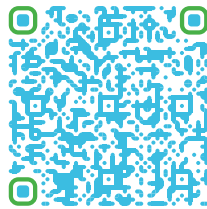

1

Schedule an appointment for a complimentary HVAC/air handling unit inspection

2

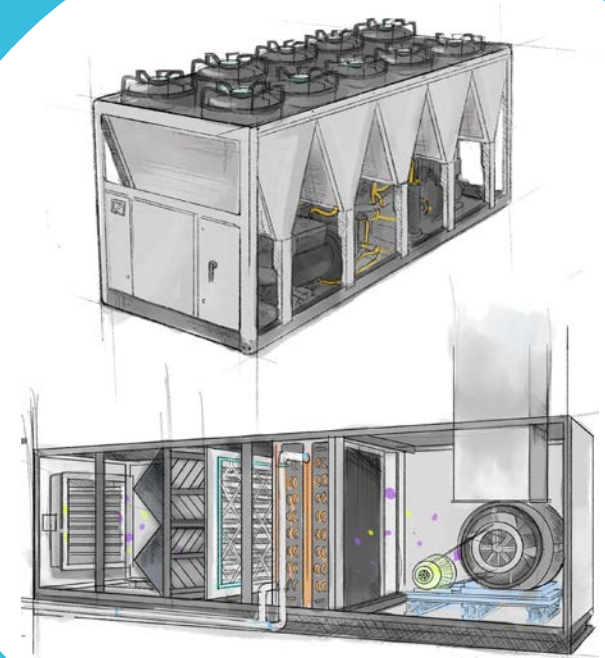

Receive a report of findings showing you how to increase efficiency and decrease costs

Scan the QR code to get started

SEE IF YOU ARE A CANDIDATE FOR HVAC COIL CLEANING

- 1 Have you noticed reduced cooling or heating efficiency?
- 2 Is there a noticeable increase in energy bills?
- 3 Have you noticed reduced airflow from your vents?
- 4 Do you see visible dirt or debris on the coils?
- 5 Have you had any recent construction or renovations in your facility?

STOP OVERPAYING ON UNNECESSARY COSTS FROM AN INEFFICIENT UNIT

Improve the efficiency of your HVAC infrastructure, improve the performance of your existing equipment, extend the life of your HVAC system, and improve overall air quality.

IF YOU ANSWERED YES TO ANY OF THE ABOVE QUESTIONS, YOU LIKELY QUALIFY FOR A COMPLIMENTARY HVAC/AIR HANDLING INSPECTION.
